Activity #3: Midterms

App Name: CafeRie

Purpose of the Application:

- CafeRie is a simple mobile app made for coffee lovers. Its main purpose is to help users browse and order their favorite coffee drinks in an easy and convenient way. The app lets users see different types of coffee, read short details about each drink, and choose their preferred size and quantity before ordering. It aims to make the café experience faster and more comfortable, especially for people who are always on the go.

Target Users:

- This application is intended for people who enjoy drinking coffee, café customers who want to order quickly, and busy individuals who prefer to place their orders through their phones instead of waiting in line.
